Fan 120 × 120 mm

The 120 × 120 × 25 mm DC axial fans feature electronic protection against reverse polarity, blocking and overloading by way of a PTC resistor and provide for optimum ventilation, whether in the front section or in the interior of the case.

Fan 120 × 120 mm

Order number

3003842

HotSwap fan Kit

An installation frame with a 120 × 120 × 25 mm fan permits fan replacement without interrupting operation.

HotSwap fan Kit

Order number

3012192
